

***Harmony Pediatric Therapy is pleased to offer Fall  
School Success Individual and Group Sessions***

Academic environments pose many challenges for children. Even in the earliest school environments, the expectations children face can be overwhelming to them. School success sessions can help your child be prepared for those expectations, support them as they are developing the necessary skill sets and help to reinforce learned concepts that are the essential foundation of their upcoming school year.

***Criteria include:***

- Referral from within HPT or new clients with an OT evaluation no more than six months old is required. If you do not have a referral from within HPT and no current OT evaluation is available, a one-hour evaluation may be conducted with an HPT therapist to determine your child's needs, which includes a brief follow up consultation with parents to review findings.
- Parent and Teacher Questionnaires will be provided.
- Individual/group appropriateness and placement will be determined by an HPT therapist.

***Fees:***

- Please call to inquire about pricing for our 14 session FALL program. Discounted pricing available for groups of two or more children.

***Registration and Schedule:***

- The Fall session is 14 weeks, from 9/4/18 to 12/8/18.
- Session dates and times based on interest and will be offered on a first come, first served basis.
- Make up sessions will be offered the week of 12/10/18.

***Cancellation Policy:***

- 24 hour notice is required for cancellations.
- HPT reserves the right to cancel the class due to insufficient enrollment.
